DATE

The Administrative Office of the U.S. Court's payment system identifies CJA appointed attorneys solely by their social security number. To protect the attorney's privacy and alleviate the courts' work of redacting social security numbers before copies of the forms are made available to the public as required by Public Law 105-119, social security number are not printed on the CJA 20 and 30 forms. Income will be reported to the IRS in the manner directed by the appointed attorney.
